

do\_logical\_Set\_Filtering  
\_Image

```
graph LR; A[do_logical_Set_Filtering_Image] --> B[toggle]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'do\_logical\_Set\_Filtering' on the top line and '\_Image' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'toggle'.
